UNIVERSAL ABSORBENT RANGE

Oils. Coolants. Solvents. Water. One absorbent.

General-purpose polypropylene sorbents for maintenance teams — every routine drip, leak and spill

THE COMPLETE RANGE — MANUFACTURED IN-HOUSE

15× its own weight in liquid

GREY hides grime — works looking cleaner, longer

PADS | ROLLS | SOCKS | PILLOWS

Four formats · one inert polypropylene chemistry · every parameter made to your specification

OEM · PRIVATE LABEL · EXPORT FCL

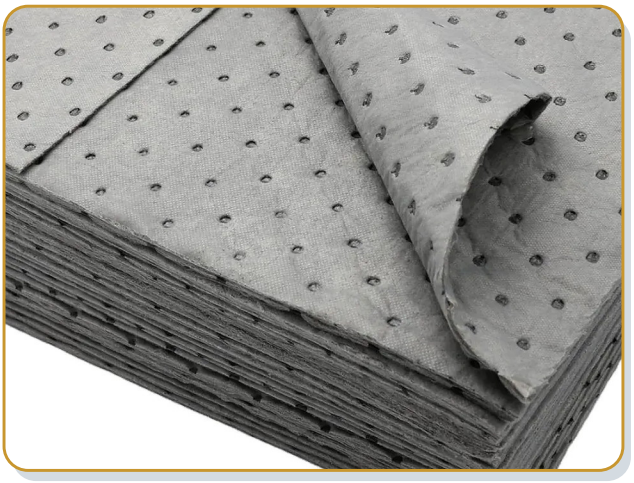
PADS

OIL-ONLY ABSORBENT PADS

The everyday workhorse.

01

One pad for oils, coolants, solvents and water — plain or bonded, in seven constructions.



Perforated universal pads

APPLICATIONS

- Daily drips — oil, coolant & water
- Wiping tools, parts & hands
- Under vehicles, gearboxes & presses
- CNC coolant overspray
- Workbenches & assembly lines
- Drum-top dispensing stations

SEVEN CONSTRUCTIONS — PICK YOUR BUILD

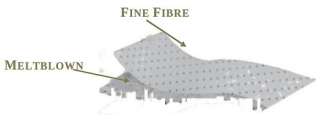
PRINTING AVAILABLE ON THE SPUNBOND LAYER

PLAIN / SINGLE PLY

Meltblown only — unbonded or point-bonded

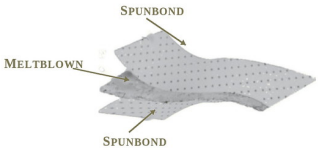
SM — DOUBLE PLY

Spunbond laminated one side



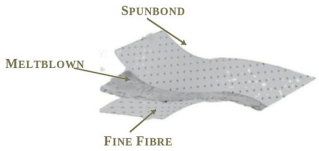
FM — DOUBLE PLY

Fine fibre meltblown one side



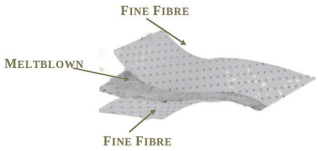
SMS — TRIPLE PLY

Spunbond both sides — maximum durability



SMF — TRIPLE PLY

Spunbond one side, fine fibre the other



FMF — TRIPLE PLY

Fine fibre both sides — low lint

Perforated or non-perforated

Custom sizes, GSM & colours

Absorbs up to 15× its own weight

ROLLS

OIL-ONLY ABSORBENT ROLLS

Cover metres, tear off inches.

02

Continuous protection for aisles and large areas — perforated to tear off exactly what the job needs.

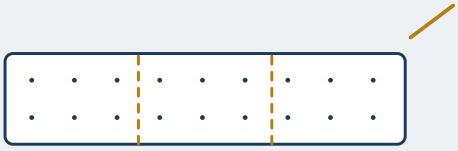
Meltblown universal roll

APPLICATIONS

- Lining aisles, walkways & ramps
- Large-area cover under plant & conveyors
- Tear-off dispensing at workstations
- Under vehicles & fleet maintenance bays
- Lining shelves, benches & drip trays
- Temporary flooring during servicing

TEAR TO SIZE · SAME SEVEN CONSTRUCTIONS

PERFORATED EVERY STEP



No knives, no ragged edges — clean hand-tear at every perforation line.

Grey standard · any custom colour

15×

ITS OWN WEIGHT IN OIL

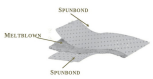
Custom widths, lengths & GSM — slit and wound to your spec.

BUILT IN ANY OF THE SEVEN PAD CONSTRUCTIONS

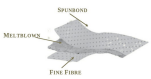
PLAIN/1-PLY

SM

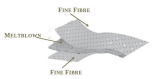
FM



SMS



SMF



FMF

Slit to any width · wound to any length · GSM to your specification

OIL-ONLY ABSORBENT SOCKS

Bends where the leak lives.

03

Flexible meltblown-filled tubes that mould around machine bases, corners and drains to stop any routine spill.

Flexible universal socks

APPLICATIONS

- Encircling machine bases & sumps
- CNC & coolant containment
- Moulding around corners & drains
- Valve, flange & pipe-run drip lines
- Doorway & threshold barriers
- First line around drum stations

Flexible socks — shaped to the job

FILLED TO YOUR SPECIFIED WEIGHT

Length, diameter and fill weight built to your order — light wipe-up socks to heavy perimeter dams.

ULTRASONICALLY WELDED — NEVER STITCHED

Fused seam — sealed, full strength saturated
No needle holes for oil to escape, no loose threads near machinery.

Stitch holes leak & fray under load

OIL-ONLY ABSORBENT PILLOWS

Big capacity in a small footprint.

04

High-volume meltblown fill for persistent drips and slow leaks — where a pad is too thin and a drum is too much.

High-loft universal pillows

APPLICATIONS

- Persistent drips under presses & gearboxes
- Inside drip pans, trays & sumps
- Under leaking valves & fittings
- Catchment in pits & tight spaces
- Standby absorbency at transfer points
- Overnight leak cover between shifts

PILLOWS

FILLED TO YOUR SPECIFIED WEIGHT

Pillow size and fill weight to your order — from compact drip catchers to heavy sump pillows.

WHY A PILLOW?

- Holds far more than a pad in the same footprint
- Loft keeps oil locked in the core, not on the surface
- Sits firm under drips without tearing or matting
- Swap-and-drop replacement in seconds

ULTRASONICALLY WELDED — NEVER STITCHED

Fused seam — sealed, full strength saturated

No needle holes for oil to escape, no loose threads near machinery.

Stitch holes leak & fray under load

OPTIONS & ORDERING

Built to your specification.

Grey is the industry standard for universal absorbents — and hides grime in use. Every other parameter is open.

FORMAT	CONSTRUCTION	COLOURS	SIZES & FILL	PERFORATION & PRINT
Pads	Plain or bonded (7 options)	Grey · Custom	Made to order	Perforation & spunbond print
Rolls	Plain or bonded (7 options)	Grey · Custom	Width, length & GSM to order	Perforation & spunbond print
Socks	Sonic-welded outer	Grey · Custom	Filled to your weight	—
Pillows	Sonic-welded outer	Grey · Custom	Filled to your weight	—

PACKING — YOUR CALL

Polybags
Plain or printed, per your artwork

Boxes
With or without printing

Units per pack
Decided entirely by you

OEM · PRIVATE LABEL

We manufacture. You brand.

- Supplied under your branding — product, label and packaging
- Custom colours, constructions, sizes, weights and pack formats
- Consistent OEM supply, export-ready in FCL volumes worldwide

In-house nonwoven manufacturing
India facility, run to your order.

Export-ready, worldwide
FCL supply & private label for global distributors.

Built to specification
Colours, sizes, weights, fills & packaging.

Send us your target formats, sizes and volumes — we will build the range around them.
