

HIGH-VISIBILITY UNIVERSAL

It soaks up the spill — and marks it.

Caution-printed universal pads and rolls that absorb oils, coolants, solvents and water while flagging the hazard in hi-viz yellow.

TWO FORMATS

**PADS**

Point-of-drip & spot response

**ROLLS**

Aisle runs & tear-off lengths

PERFORATED

Tear to size, both ways

MADE TO SPEC

Sizes, packing & branding

WHY HIGH-VISIBILITY

Two jobs. One product.

An ordinary absorbent cleans up the spill and disappears into the floor. A caution-printed one keeps working — holding the liquid while telling everyone who walks past that the area needs care.

JOB ONE — IT ABSORBS

Universal absorbency takes on oils, coolants, solvents and water-based fluids alike.

JOB TWO — IT WARNS

Hi-viz yellow and a caution print make the wet area visible from across the floor.

UNIVERSAL — TAKES ON MOST WORKSHOP FLUIDS

✓ Oils & lubricants

✓ Coolants & cutting fluids

✓ Solvents & thinners

✓ Water & aqueous fluids

✓ Fuels & diesel

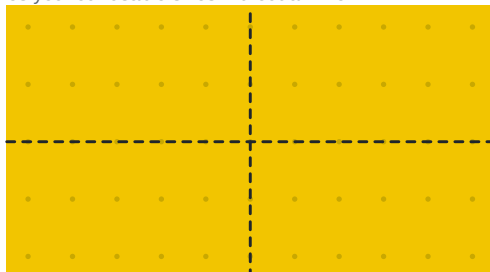

✓ Hydraulic fluid

✓ Antifreeze

✓ General workshop spills

PERFORATED BOTH WAYS

Perforated down the centre and across, so one roll or pad gives you four usable sizes without a knife.

Tear to width and to length

PRINT IT YOUR WAY

YOUR ARTWORK
YOUR WORDING

Standard caution print, or your own design, wording, language and branding — printed to your artwork.

FORMAT 01 · PADS

Grab one. Drop it. Done.

Single-sheet response for the drip you can see — high-visibility pads that mark the spot while they soak it up.

Caution-printed universal pads

Underfoot in a working aisle

BUILT FOR THE FLOOR

- **Abrasion-resistant printed face**
Takes light foot and trolley traffic.
- **Absorbent core**
Holds the liquid instead of pushing it around.
- **Perforated both ways**
Tear to the size the job actually needs.

POINT-OF-DRIP & MAINTENANCE

- ✓ Under machines, pumps & valves
- ✓ Workbenches and tool stations
- ✓ Drum, IBC & decanting stations
- ✓ Engine, gearbox and service work

TRAFFIC AREAS & RESPONSE

- ✓ Walkways, aisles & doorways
- ✓ Wet floors in public-facing areas
- ✓ Spill kits and response stations
- ✓ Loading bays & goods-in areas

Marks the hazard

Hi-viz print flags the wet area on sight.

Universal absorbency

Oils, coolants, solvents and water alike.

Takes traffic

Printed face stands up to light foot traffic.

Perforated

Tear to width and length — no knife needed.

Pads · perforated · custom print & sizes · boxes or polybags

FORMAT 02 · ROLLS

Roll it out. Tear it off.

Continuous high-visibility coverage for aisles, lines and long runs — perforated so every tear is the size you actually wanted.

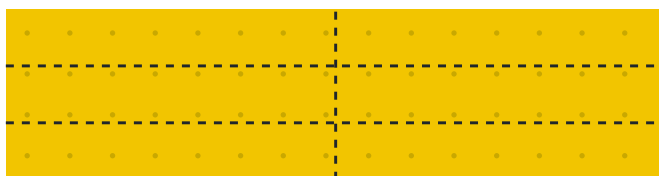

Printed face and plain reverse

Roll format

TEAR OFF EXACTLY WHAT YOU NEED

Full width, half width, or any length.

Cross-perforation means one roll covers a long aisle run or tears down to a single work-station sheet.

LONG-RUN COVERAGE

- ✓ Aisle runners & walkway protection
- ✓ Production and assembly lines
- ✓ Under conveyors & machine runs
- ✓ Temporary floor protection

DISPENSING & WORKSTATIONS

- ✓ Tear-off at work stations
- ✓ Roll stands & dispenser boxes
- ✓ Maintenance and service bays
- ✓ Wash bays & wet process areas

Tear-off lengths

Take a metre or take a sheet — same roll.

Visible from a distance

A yellow run reads as a caution zone.

Consistent coverage

No gaps between pads across a long run.

Custom print

Your artwork repeated the length of the roll.

Rolls · perforated · custom print, widths & lengths · boxes or polybags

OPTIONS & ORDERING

Built to your specification.

Both formats are made to order — the print, the size, the perforation layout and the pack are all yours to set.

FORMAT	ABSORBENCY	PERFORATION	PRINT	SIZES	PACKING
Pads	Universal	Both directions	Caution print or your artwork	To order	Boxes or polybags
Rolls	Universal	Centre & across	Caution print or your artwork	To order	Boxes or polybags

CUSTOM PRINT — YOUR DESIGN, YOUR WORDING

Your artwork

Logos, patterns and layouts to your file.

Your wording

Any safety message, any language.

Your layout

Print pitch and repeat set to your spec.

PACKING — YOUR CALL

Polybags

Plain or printed, per your artwork

Boxes

Dispenser or plain, with or without print

Units per pack

Decided entirely by you

OEM · PRIVATE LABEL

We manufacture. You brand.

- Supplied under your branding — print, label and packaging
- Print artwork, sizes, perforation and pack format to your specification
- Consistent OEM supply, export-ready in FCL volumes worldwide

GOOD TO KNOW

High-visibility marking supplements — it does not replace — proper signage and safety procedure. Test suitability before use with aggressive chemicals. Used absorbents take on the properties of the liquid absorbed and must be handled and disposed of accordingly.

In-house nonwoven manufacturing

Made in India, run to your order.

Export-ready, worldwide

FCL supply & private label for global distributors.

Built to specification

Print, sizes, perforation & packing.

Send us your print artwork, sizes and volumes — we will build the range around them.
