Free samples

01
High tensile strength
Strong for its weight, for load-bearing and reinforcing layers.

02
Heat & dimensional stability
Holds its size through hot coating, laminating and drying.

03
Coats & laminates well
An even surface for bitumen, PVC, PU and adhesive layers.

04
Weldable & formable
Ultrasonic welding and thermoforming, with clean, non-fraying edges.

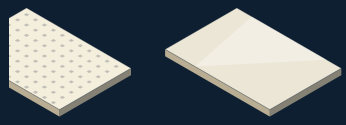

TECHNICAL DATA

Specifications at a glance.
